What to do if you have a welfare concern in Tunbury Primary School

INTRODUCTION:

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes

- DfE guidance Keeping Children Safe in Education 2016 (KCSIE)
- Working Together to Safeguard Children 2015 (WTSC)
- Framework for the Assessment of Children in Need and their Families (2000)
- Kent and Medway Online Safeguarding Children Procedures (online, 2016)

Section 175 of the Education Act 2002 requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.

Ofsted's definition of safeguarding

“Safeguarding is not just about protecting children from deliberate harm. It includes a wide range of issues relating to pupils' welfare, health and safety.” (Inspecting safeguarding in early years, education and skills, Ofsted, September 2016)

We are aware that child protection and safeguarding are fundamental to the welfare of all children in our care. This policy should therefore be understood alongside school policies on related safeguarding issues as listed on the following page. These can be found on the staff admin board and KLZ. They are also available to access via the school website: www.tunbury.kent.sch.uk

All safeguarding policies will be reviewed on an annual (minimum) basis by the Governing Body which has responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead/Head Teacher will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility.

School Policies on Related Safeguarding Issues (to be read and followed alongside this document)

- e-Safety Policy
- Behaviour Management Policy and guidelines for the use of physical intervention
- Guidelines for the Use of Physical Intervention
- Searching screening and confiscation
- Procedures for Managing Allegations Against Staff
- Guidelines for Safeguarding Record Keeping in Schools
- Safeguarding Children and Child Protection - Induction Leaflet Guidelines for School Staff
- Advice notes : Dealing with Disclosures in School
- Health and Safety Policy
- Guidance for Safer Working Practice for Adults who Work with Children and Young People / Code of Conduct for Staff
- KSCB document : Safer Practice with Technology – Guidance for Adults who Work with Children and Young People
- Bullying / Anti-Bullying Procedure
- Racism / Anti-Racism Policy
- Guidance on the Use of Photographic Images
- Female genital mutilation
- Prevent (Radicalisation and extremism)
- Child sexual exploitation
- Safer Recruitment Guidelines
- Whistle-Blowing Policy
- Intimate Care Guidance
- Procedures for Assessing Risk (re school trips, use of technology)
- First Aid and Accident Policies
- DOH (2009) “Safeguarding Disabled Children-Practice Guidance”
- Teacher Standards 2012
- Drugs
- Sex education
- Attendance (children missing education)

The school acknowledges that this policy will incorporate a range of safeguarding issues including (but not limited to):

- Bullying (including cyberbullying)
- Children missing education
- Child missing from home or care
- Child Sexual Exploitation (CSE)
- Domestic violence
- Drugs and alcohol
- Fabricated or induced illness
- Gangs and youth violence
- Hate
- Honour based violence, including Female Genital Mutilation (FGM)
- Mental health
- Online Safety
- Prevent (Radicalisation and extremism)
- Private fostering
- Relationship abuse and gender-based violence
- Youth Produced Sexual Imagery or “Sexting”
- Trafficking

(Also see Annex A within ‘Keeping children safe in education’ 2016 and appendix 2)

- Every member of staff at Tunbury Primary School recognises that children experiencing specific safeguarding issues identified above are no different to safeguarding against any other vulnerability or concern and will be approached and responded to in the same way as protecting children from any other risks.

Contact details for Kent Education Safeguarding Team and LADO:

Claire Ray (Area Safeguarding Adviser) Office: 03000 412284
Mobile: 07920 108828
claire.ray@kent.gov.uk

Central Duty Team: 03000 411111

Robin Brivio (LADO)

03000 410888

Contact details for Medway Education Safeguarding Team:
Tel: 01634 334466

Due to the location of Tunbury Primary School, the service to contact is dependent on the address of the child, irrespective of the fact that the school is a Kent school.

ETHOS

Tunbury School is a community and all those directly connected (staff, governors, parents, families and pupils) have an essential role to play in making it safe and secure. We welcome suggestions and comments that will contribute to this process.

Tunbury School recognises the importance of providing an ethos and environment within school that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to. We are alert to the signs of abuse and neglect and follow our procedures to ensure that children receive effective support, protection and justice.

Our school core safeguarding principles are:

- o It is a whole school responsibility to safeguard and promote the welfare of children as its paramount concern
 - o All children (defined as those up to the age of 18) regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection
 - o All children have a right to be heard and to have their wishes and feelings taken into account
 - o All staff understand safe professional practice and adhere to our code of conduct and other associated policies
 - o All staff have a responsibility to recognise vulnerability in children and act on any concern in accordance with this guidance
- There are four main elements to our safeguarding policy
 - Prevention** (e.g. positive, supportive, safe school culture, curriculum and pastoral opportunities for children, safer recruitment procedures);
 - Protection** (by following the agreed procedures, ensuring all staff are trained and supported to respond appropriately and sensitively to safeguarding concerns);
 - Support** (for all pupils, parents and staff, and where appropriate specific intervention for those who may be at risk of harm);
 - Working with parents and other agencies** (to ensure appropriate communications and actions are undertaken).
 - The procedures contained in this policy apply to all staff and governors and are consistent with those of Kent Safeguarding Children Board (KSCB).

KEY RESPONSIBILITIES

Everyone who comes into contact with children and their families has a role to play in safeguarding children. Schools form part of the wider safeguarding system for children.

The governing body have read and will follow KCSIE 2016. Further information regarding the key strategic responsibilities of the governing body and Headteacher are identified in appendix 1.

The school has a nominated governor for safeguarding named on the front of this document. The nominated governor will take the lead role in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policy and structures supporting safeguarding children are reviewed at least annually.

DESIGNATED SAFEGUARDING LEAD (DSL)

The school has appointed a member of the leadership team (Angela Carpenter, Assistant Head Teacher) as the Designated Safeguarding Lead (DSL). The DSL has the overall responsibility for the day to day oversight of safeguarding and child protection systems in school.

The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. This training will be approved by and meet the standards as required by the Kent and Medway Safeguarding Children Board. The DSL's training will be updated formally every two years but their knowledge and skills will be updated through a variety of methods (interschool network meetings, discussions with other professionals who are involved in the safeguarding process, Sure Start Centres and pre-schools) at regular intervals, at least annually, to keep up with any developments relevant to their role.

The school has appointed additional staff to deputise for the DSL (Emma Nuttall, Deputy Headteacher). Deputy DSLs have attended appropriate training which enables them to fulfil this role. Whilst the activities of the designated safeguarding lead may be delegated to the deputies, the ultimate lead responsibility for safeguarding and child protection remains with the designated safeguarding lead and this responsibility will not be delegated.

The Designated Safeguarding Lead (DSL) has overall responsibility for the day to day oversight of safeguarding and child protection systems in school. This includes:

- Acting as the central contact point for all staff to discuss any safeguarding concerns
- Maintaining a confidential recording system for safeguarding and child protection concerns
- Coordinating safeguarding action for individual children

- Liaising with other agencies and professionals in line with 'Working together to Safeguard Children'
- Ensuring that locally established procedures are followed and making referrals to other agencies, including Early Help and Specialist Childrens Services (SCS) as necessary
- Representing, or ensuring the school is appropriately represented at inter-agency safeguarding meetings (including Child Protection conferences)
- Managing and monitoring the school's part in Early Help / Child in Need / Child Protection plans
- Being available during term time (during school hours) for staff in the school to discuss any safeguarding concerns
- Ensuring all staff access appropriate safeguarding training and relevant updates in line with the recommendations within KCSIE (2016)

Further details about the role of the DSL can be found in 'Keeping Children Safe in Education' 2016, part two.

The Governing Body, Headteacher and school Leadership Team will ensure that the DSL is properly supported in this role at a time and resource level.

MEMBER OF STAFF

All school staff have a responsibility to:

- Provide a safe environment in which children can learn.
- Identify children who may be in need of extra help or who are suffering, or are likely to suffer, significant harm. All staff then have a responsibility to take appropriate action, working with other services as needed.
- Ensure all children are able to develop appropriate strategies to recognise and respond to risk and build resilience
- provide help for children, where appropriate and reasonable
- take appropriate action to prevent safeguarding concerns escalating and work with other services as needed
- safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties
- maintain an attitude of 'it could happen here' where safeguarding is concerned and to always act in the best interests of the child
- respond to and refer any concerns about children or other members of the community in accordance with this policy

- Contribute towards, read and adhere to the school policies

All members of staff in Tunbury Primary School know what to do if a child tells them he/she is being abused or neglected. Members of staff know to maintain an appropriate level of confidentiality whilst at the same time liaising with relevant professionals such as the DSL and other agencies as appropriate. Members of staff know they must never promise a child that they will not tell anyone about a concern or allegation as this may ultimately not be in the best interests of the child. See appendix 3 for advice for staff on responding to safeguarding concerns.

The welfare and safety of children are the responsibility of all staff in school and ANY concern for a pupil's welfare MUST always be reported to the Designated Safeguarding Lead(s).

In order to protect confidentiality, safeguarding information about individual children is shared on a need to know basis only and thus, what may seem to be a minor issue to one staff member, may be highly significant to the bigger picture of risk.

CHILDREN AND YOUNG PEOPLE

Children and young people (pupils) have a responsibility to:

- Contribute to the development of school safeguarding policies
- Read and adhere to (at a level appropriate to their age and ability) the schools safeguarding policies and procedures
- Seek help from a trusted adult if things go wrong, and support others that may be experiencing safeguarding concerns
- Develop and take responsibility (at a level that is appropriate to their individual age, ability and vulnerabilities) for keeping themselves and others safe, including online

PARENTS AND CARERS

Parents/carers have a responsibility to:

- Read the relevant school/policies and procedures, encouraging their children to adhere to them, and adhering to them themselves where appropriate
- Discuss safeguarding issues with their children, support the school in their safeguarding approaches, and reinforce appropriate safe behaviours at home
- Identify changes in behaviour which could indicate that their child is at risk of harm online
- Seek help and support from the school, or other appropriate agencies, if they or their child encounters any safeguarding concern
- Contribute to the development of the schools safeguarding policies

A statement on the school's website will inform parents and carers about our school's duties and responsibilities under child protection and safeguarding procedures. Parents can obtain a copy of the school Child Protection Policy and other related policies on request and can view them via the school website (<http://www.tunbury.kent.sch.uk/>)

LOCAL SUPPORT – KENT

All members of staff in Tunbury Primary School are made aware of local support available

SAFEGUARDING AND CHILD PROTECTION PROCEDURES

Tunbury School adheres to the KSCB Safeguarding Children Procedures (Online, April, 2016). The full KSCB procedures document and additional guidance relating to specific safeguarding issues can be found on the KSCB website www.kscb.org.uk

Additional guidance for staff includes

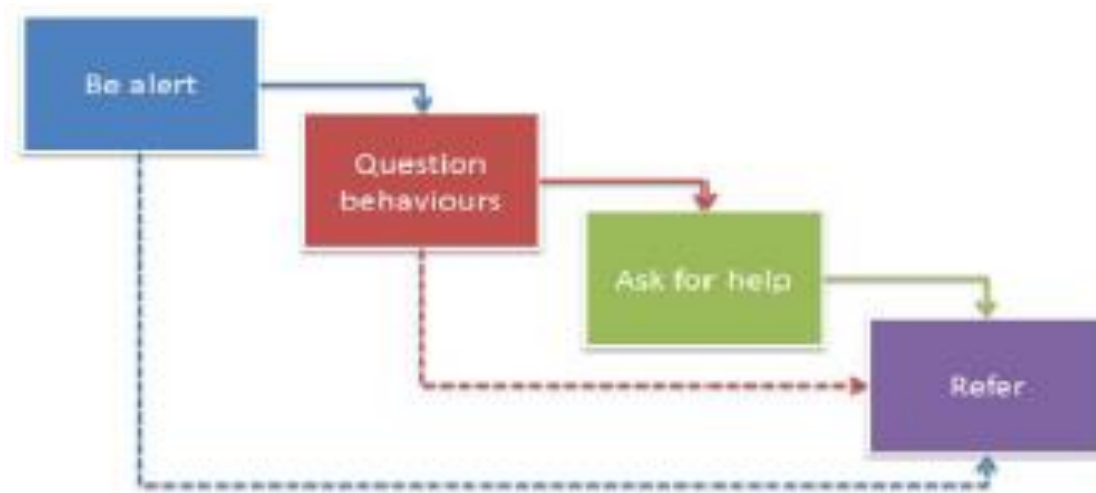

- 'What to do if you are Worried About a Child Being Abused' (DfE 2015)

- Information Sharing advice for safeguarding practitioners (2015)
- Kent and Medway Inter-Agency Threshold Criteria for Children in Need
- The Assessment Framework for Children in Need and their Families (2000)

These documents can be found on the staff admin board.

'What to do if you are worried about a child being abused' (DfE 2015) p.12 identifies that there are four key steps for professionals to follow to help identify and respond appropriately to possible abuse and/or neglect.

All members of staff are expected to be aware of and follow this approach:

It may not always be appropriate to go through all four stages sequentially and if a child is in immediate danger or is at risk of harm, a referral should be made immediately to children's social care and/or the police.

The role of the school in situations where there are child protection concerns is NOT to investigate but to recognise and refer.

All staff have been provided with a copy of Part one of the DfE guidance "*Keeping Children Safe in Education*" that covers Safeguarding information.

It is the responsibility of the DSL to receive and collate information regarding individual children, to make immediate and on-going assessments of potential risk and to decide actions necessary (with parents / carers in most cases). This includes the need to make referrals to partner agencies and services.

To help with this decision she may choose to consult with the Area Education Safeguarding Adviser from the Education Safeguarding Team and/or the Education Safeguarding Adviser (Online Protection) for online safety concerns.

Advice may also be sought from the Early Help Triage Team.

Issues discussed during consultations may include the urgency and gravity of the concerns for a child or young person and the extent to which parents/carers are made aware of these. Some concerns may need to be monitored over a period of time before a decision is made to refer to Specialist Children's Services or other services.

All members of staff are made aware of the early help process, and understand their role within it. This includes identifying emerging problems, liaising with the designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment.

If early help is assessed to be appropriate then the DSL will support staff members involved with the family in liaising with other agencies and submitting an Early Help Notification Form. The DSL will keep all early help cases under constant review and will give consideration to making a referral to SCS if the situation doesn't appear to be improving for the child.

Referrals to Specialist Children's Services will be made using the agreed Kent and Medway process i.e. the Early Help Notification form or inter-agency referral form for referrals to SCS. These will be made with reference to the Kent and Medway Interagency Threshold Criteria for Children in Need (KSCB). In situations where there are felt to be urgent or grave concerns, a telephone referral will be made prior to the form being completed and sent to the County Duty Team. Concerns for children who are already known to services will be passed to the allocated worker / Team.

All members of staff are aware of the process for making referrals to SCS for statutory assessments under the Children Act 1989 that may follow a referral, along with the role they might be expected to play in such assessments.

In all but the most exceptional circumstances, parents /carers will be made aware of the concerns felt for a child or young person at the earliest possible stage. In the event of a referral to Specialist Children's Services (SCS) being necessary, parents/carers will be informed and consent to this will be sought unless there is a valid reason not to do so i.e. advice received from social services/police.

In the absence of the availability of the DSL to discuss an immediate and urgent concern, staff can seek advice from the Education Safeguards Team (Kent: 03000 411111 Medway: 01634 334466). If anyone other than the DSL makes a referral to external services, then they will inform the DSL as soon as possible.

On occasion, staff may pass information about a child to the DSL, but remain anxious about action subsequently taken. Staff should feel able to clarify with the DSL further progress, so that they can reassure themselves the child is safe and their welfare is being considered.

If following this process, the staff member remains concerned that appropriate action is not being taken then the member of staff should seek further direct consultation from a member of the Education Safeguarding Team who will be able to discuss the concern and provide further advice on appropriate action to be taken.

If after a referral a child's situation does not appear to be improving then the DSL (or the person that made the referral) will press for reconsideration to ensure that the school's concerns have been addressed and, most importantly, that the child's situation improves. Professional disagreements (escalation) will be responded to in line with the KSCB procedures and DSLs may request support via the Education Safeguarding Team.

The school has a nominated governor for safeguarding named on the front of this document. The nominated governor will take the lead role in ensuring that the school has an effective policy which interlinks with related policies; that locally agreed procedures are in place and being followed; and that the policy and structures supporting safeguarding children are reviewed annually.

Recognition and categories of abuse:

All staff in school should be aware of the definitions and signs and symptoms of abuse. There are four categories of abuse:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect

The most up to date definitions and possible indicators and signs of abuse are found in Appendix 2. Staff should also refer to Part 1 and Annex A within 'Keeping children safe in education' 2016 (see appendix 5) and 'What to do if you are worried a child is being abused' 2015.

Indicators and signs of abuse are listed in the leaflet "**Safeguarding Children and Child Protection - Induction Leaflet Guidelines for School Staff**" distributed to all staff. A copy of this leaflet can be found on the staff admin board.

Staff need to remember that child welfare concerns may arise in many different contexts, and can vary greatly in terms of their nature and seriousness. Children may be abused in a family or in an institutional or community setting, by those known to them or by a stranger, including, via the internet. In the case of honour based violence, including forced marriage and female genital mutilation, children may be taken out of the country to be abused. They may be abused by an adult or adults, or another child or children. An abused child will often experience more than one type of abuse, as well as other difficulties in their lives. Abuse and neglect can happen over a period of time, but can also be a one-off event. Child abuse and neglect can have major long-term impacts on all aspects of a child's health, development and well-being.

The warning signs and symptoms of child abuse and neglect can vary from child to child.

Disabled children may be especially vulnerable to abuse, because they may have an impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening. Tunbury Primary School will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon. Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

Children also develop and mature at different rates so what appears to be worrying for a younger child might be normal behaviour for an older child. Parental behaviours may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions which are concerning and other parental behaviours. This could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health. By understanding the warning signs, we can respond to problems as early as possible and provide the right support and services for the child and their family. It is important to recognise that a warning sign doesn't automatically mean a child is being abused.

INDUCTION AND TRAINING

All members of staff have been provided with a copy of part one of the "*Keeping Children Safe in Education*" (2016) which covers Safeguarding information. School leaders will read the entire document. School leaders and all members of staff who work directly with children will access Annex A within Keeping Children Safe in Education 2016. Members of staff have signed to confirm that they have read and understood Part One and Annex A (***This list will be kept by the DSL with all other documents relating to safeguarding.***)

The DSL will ensure that all new staff and volunteers are appropriately inducted as regards the school's internal safeguarding procedures and communication lines.

All staff members will receive appropriate safeguarding and child protection training (organised by the DSL) which will enable them to:

- **Recognise** potential safeguarding and child protection concerns involving pupils and adults (colleagues, other professionals and parents/carers)
- **Respond** appropriately to safeguarding issues and take action in line with this policy
- **Record** concerns in line with the school policies
- **Refer** concerns to the DSL and be able to seek support external to the school if required

Training is organised by the DSL in line with government guidance that currently requires this to be updated every three years.

Staff will receive appropriate training to ensure they are aware of a range of safeguarding issues (see definition of safeguarding) and are aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and peer on peer abuse such as bullying and sexting can put children in danger. The staff training will also include school responsibilities, the school child protection procedures, online safety, safe working practice and external reporting mechanisms.

All staff members will receive regular safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

All members of staff will be made aware of the schools expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy (AUP) which is provided and discussed as part of the induction process.

Although the school has a nominated lead for the governing body (Adam Stallard), all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

The school leadership team will ensure the DSL(s) attend the required DSL safeguarding training when they first take up the role and that they continue to update their knowledge on an on-going basis and at least every 2 years as required by guidance.

The DSL and Head Teacher will report annually to the Governing Body detailing safeguarding training undertaken by all staff and will maintain up to date registers of who has been trained.

RECORD KEEPING

Staff must record any welfare concern that they have about a child on the school's safeguarding incident/concern form (with a body map where injuries have been observed) and pass this without delay to the DSL. Records must be completed as soon as possible after the incident/event and must be signed and dated.

Incident/concern forms are located on the staff admin board or from the DSL. Safeguarding records are kept separate from all other record relating to the child in school. They are retained centrally and securely by the DSL and are shared on a 'need to know' basis only.

All safeguarding concerns, discussions and decisions made and the reasons for those decisions will be recorded in writing. If members of staff are in any doubt about the recording requirements for staff then they will discuss their concerns with DSL.

The Head Teacher will be kept informed of any significant issues by the DSL.

All safeguarding records will be forwarded in accordance with data protection legislation to a child's subsequent school/setting, under confidential and separate cover to the new DSL or Headteacher and a receipt of delivery will be obtained.

Detailed guidance on Record Keeping is found in a separate document “Guidelines for Safeguarding Record Keeping in Schools” – Staff MUST familiarise themselves with the responsibilities outlined in this document.

www.kelsi.org.uk/support-for-children-and-young-people/child-protection-and-safeguarding/safeguarding-policies-and-guidance (A copy of this is displayed on the staff admin board)

ALLEGATIONS AGAINST MEMBERS OF STAFF AND VOLUNTEERS

Tunbury School recognises that it is possible for staff and volunteers to behave in a way that might cause harm to children and takes seriously any allegation received. Such allegations should be referred immediately to the Head Teacher who will first contact the Local Authority Designated Officer (LADO) to agree further action to be taken in respect of the child and staff member. In the event of allegations of abuse being made against the headteacher then staff are advised that allegations should be reported directly to the LADO.

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and such concerns will always be taken seriously by the senior leadership team.

All staff need to be aware of the school's Whistle-blowing procedure and that it is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk. When in doubt – consult.

Members of Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email: help@nspcc.org.uk

For specific guidance on how to respond to allegations against staff, please refer to the “Procedures for Managing Allegations Against Staff” and Whistle Blowing Policy which can be found on the staff admin board.

ALLEGATIONS AGAINST PUPILS

Tunbury Primary School recognises that children are capable of abusing their peers. Peer on peer abuse can take many forms, including (but not limited to) bullying, cyberbullying, hazing (initiation type violence), sexualised bullying and violence and

sexting. The school is mindful that some potential issues may be affected by the gender, age, ability and culture of those involved.

Tunbury Primary School believes that abuse is abuse and it will never be tolerated, dismissed or minimised. The school will ensure that appropriate curriculum time is dedicated to enable children to develop an awareness and understanding of abusive behaviour and to ensure that children recognise warning signs and will support this both within the school and externally (such as Kent Police, ChildLine etc.).

Pupils who have experienced peer on peer abuse will be supported by:

- Offering them an immediate opportunity to discuss the experience with a member of staff of their choice
- Being advised to keep a record of concerns as evidence and discussions regarding how to respond to concerns and build resilience, if appropriate.
- Providing reassurance and continuous support
- Working with the wider community and local/national organisations to provide further or specialist advice and guidance

Pupils who are alleged to have abused other pupils will be helped by:

- Discussing what happened, establishing the specific concern and the need for behaviour to change
- Informing parents/carers to help change the attitude and behaviour of the child
- Providing appropriate education and support
- Sanctioning them in line with school behaviour/discipline policy. This may include official warnings, detentions, removal of privileges (including denial of online access), fixed-term and permanent exclusions.
- Speaking with police or other local services (such as early help or children's specialist services) as appropriate

Further information about the schools response to allegations of abuse against pupils can be located in the behaviour and e-safety policies.

Tunbury Primary School is aware of and will follow the KSCB procedures (www.kscb.org.uk) for supporting children who are at risk of harm as a result of their own behaviour.

WORKING WITH OTHER AGENCIES

Tunbury School recognises and is committed to its responsibility to work with other professionals and agencies both to ensure children's needs are met and to protect them from harm. We will endeavour to identify those children and families who may benefit from the intervention and support of external professionals and will seek to enable referrals, in discussion with parents/carers as appropriate.

Schools are not the investigating agency when there are child protection concerns and the school will therefore pass all relevant cases to the statutory agencies. We will

however contribute to the investigation and assessment processes as required and recognise a crucial part of this may be in supporting the child while these take place.

Tunbury School recognises the importance of multi-agency working and will ensure that staff are enabled to attend relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings and Early Help Teams around the Child / Family.

The School Leadership Team and DSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

CONFIDENTIALITY AND INFORMATION SHARING

We recognise that all matters relating to child protection are confidential. The Head Teacher or DSL will disclose any information about a pupil to other members of staff on a need to know basis.

All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children. All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.

DfE Guidance on Information Sharing (March 2015) provides further detail (this information can be found in school on the staff admin board).

If the school is made aware of any safeguarding concerns which they feel need to be shared with the wider community (including other local schools) then advice will be sought from the Education Safeguarding team to ensure that the integrity of any subsequent investigations are maintained and that all members of the community are safeguarded.

CURRICULUM AND STAYING SAFE

We recognise that schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.

Tunbury Primary School will use the curriculum to provide opportunities for increasing self awareness, self esteem, social and emotional understanding, assertiveness and decision making so that students have a range of contacts and strategies to ensure their own protection and understand the importance of protecting others, including online.

Pupils will be educated at a level appropriate to their age and ability about a range of safeguarding concerns through personal, social, health and economic education

(PSHE), tutorials (if appropriate) and through sex and relationship education (SRE). This will include, but is not limited to, bullying (including cyber bullying), radicalisation, child sexual exploitation (CSE), stranger danger, road safety, sexual abuse, neglect, gender based violence/sexual assaults and sexting.

Systems have been established to support the empowerment of children to talk to a range of staff. Children at Tunbury School will be listened to and heard and their concerns will be taken seriously and acted upon as appropriate.

Specific systems outside of expected day to day classroom interaction and support will include:

- o School/Student Council
- o Buddy benches
- o Worry boxes
- o PSHE events
- o Regular feedback questionnaires with groups of children
- o Specific BULLYING POLICY

E-SAFETY

It is recognised that the use of new technologies presents particular challenges and risks to children both inside and outside of school.

Tunbury Primary School identifies that the issues classified within online safety are considerable, but can be broadly categorised into three areas of risk:

- content: being exposed to illegal, inappropriate or harmful material
- contact: being subjected to harmful online interaction with other users
- conduct: personal online behaviour that increases the likelihood of, or causes, harm

The DSL and leadership team have read annex C regarding Online Safety within 'Keeping children safe in education' 2016.

The school will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision. The services of EIS are employed to ensure that efficient filtering and monitoring systems are in place. The school will be careful to ensure that these systems do not place unreasonable restrictions on internet access or limit what children can be taught with regards to online teaching and safeguarding

Tunbury Primary School acknowledges that whilst filtering and monitoring is an important part of schools online safety responsibilities, it is only one part of our role. Children and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology. This is covered in more depth within the school online safety policy.

The school will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.

Detailed information about the schools response to online safety can be found in the school's Online Safety policy and Acceptable Use policy which can be found on the school admin board.

SUPERVISION AND SUPPORT:

Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.

All new staff including newly qualified teachers and support staff will receive induction training and have a mentor or co-ordinator with whom they can discuss concerns including safeguarding concerns.

The DSL can put staff and parents in touch with outside agencies for professional support if they so wish. Staff can also approach Support Line directly-tel: 01732 526910.

The induction process will include familiarisation with child protection responsibilities and procedures to be followed if staff have any concerns about a child's safety or welfare.

The school will provide appropriate supervision and support for all members of staff to ensure that:

All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children

Staff are able to create an environment where members of staff feel able to raise concerns and feel supported in their safeguarding role

All staff have regular reviews of their own practice to ensure they improve over time.

The school will ensure that members of staff who are working within the foundation stage are provided with appropriate supervision in accordance with the statutory requirements of Early Years Foundation Stage Guidance (2014).

SAFE WORKING PRACTICE

All members of staff are required to work within clear guidelines on Safe Working Practice / the school's Code of Conduct.

Children may make allegations against staff in situations where they feel vulnerable or where they perceive there to be a possible risk to their welfare. As such, all school staff should take care not to place themselves in a vulnerable position regarding child

protection or potential allegations. For example, it is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.

Physical intervention should only be used when the child is endangering him/herself or others and such events should be recorded and signed by a witness. Staff should be aware of the school's **Behaviour Management Policy**, and any physical interventions must be in line with agreed policy and procedure in which appropriate training should be provided.

Full advice and guidance can be found in Guidance for Safer Working Practice for Adults who Work with Children and Young People in Education Settings (2015) which can be found on the staff admin board.

Staff should be particularly aware of the professional risks associated with the use of electronic communication (e-mail; mobile phones; texting; social network sites) and should familiarise themselves with advice and professional expectations outlined in **Guidance for Safer Working Practice for Adults who Work with Children and Young People**, the school's **e-Safety Policy** and **Acceptable Use Policy** and the **KSCB document : Safer Practice with Technology – Guidance for Adults who Work with Children and Young People**.

COMPLAINTS

The school has a **Complaints Procedure** available to parents, pupils/students and staff who wish to report concerns.

All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific **Procedures for Managing Allegations Against Staff Policy**.

SAFER RECRUITMENT

Tunbury Primary School is committed to ensure that all steps are taken to recruit staff and volunteers who are safe to work with our pupils/students and have their welfare and protection as the highest priority. The Governing Body and School Leadership Team are responsible for ensuring that the school follows safe recruitment processes outlined within Guidance, including accurate maintenance of the Single Central Record; and an application, vetting and recruitment process which places safeguarding at its centre, regardless of employee or voluntary role.

In line with the School Governance (Constitution and Federations) (England) (Amendment) Regulations 2016, all governors appointed to the governing body of Tunbury Primary School will be required to have an Enhanced Disclosing and Barring Service check as a mandatory requirement. For newly appointed governors this will be undertaken within 21 days of appointment.

The Governing Body will ensure that the Head Teacher, other senior staff responsible for recruitment and one member of the Governing Body complete accredited Safer Recruitment Training in line with government requirements.

We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools. Schools and local authorities must have regard to it when carrying out their duties to safeguard and promote the welfare of children under section 175, of the Education Act 2002, paragraph 7(b) of Schedule 1 to the Education (Independent School Standards) Regulations 2014 and paragraph 3 of the Schedule to the Education (Non-Maintained Special Schools)(England) Regulations 2011.

THE USE OF SCHOOL PREMISES BY OTHER ORGANISATIONS

Where services or activities are provided separately by another body using the school premises, the Head Teacher and Governing Body will seek assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection and that relevant safeguarding checks have been made in respect of staff and volunteers. If assurance is not achieved, an application to use premises may be refused.

SECURITY

All staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. We operate within a whole-school community ethos and welcome comments from pupils/students, parents and others about areas that may need improvement as well as what we are doing well.

Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within guidance. Visitors will be expected to sign in and out via the office visitors log and to display a visitors badge whilst on school site. Any individual who is not known or identifiable should be challenged for clarification and reassurance.

The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

Appendix 1: Responsibilities of the Governing Body and the Headteacher

The Governing body has the responsibility to ensure:

- There is a named Designated Safeguarding Lead (DSL), who is a member of the senior leadership team and who has undertaken approved KSCB training in inter-agency working, in addition to basic child protection training
- The school has an up-to-date child protection policy which is consistent with KSCB requirements, reviewed annually and made available to parents on request
- Procedures are in place for dealing with allegations of abuse made against members of staff including allegations made against the head teacher
- Safer recruitment procedures, which include the requirement for appropriate checks in line with national guidance are in place
- There is an up-to-date and appropriate training strategy which ensures all members of staff, including the managers, teaching and non-teaching staff, receive safeguarding training
- That all temporary staff and volunteers are made aware of the school's arrangements for safeguarding.
- That appropriate filters and appropriate monitoring systems for school systems and internet enabled devices are in place whilst being mindful to ensure that over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding
- That the governing body nominates a member (normally the chair) to be responsible for liaising with the local authority and other agencies in the event of an allegation being made against the head teacher. An annual report will be submitted to the local authority about how the governing body's duties have been carried out. Any weaknesses or areas of concern will be rectified without delay.
- That children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

The Headteacher has the responsibility to ensure:

- That the child protection policy and procedures are implemented and followed by all staff
- That sufficient time and resources are allocated to enable the DSL (and any appropriately trained deputies) to carry out their roles effectively, including the assessment of pupils and the attendance at strategy discussions and other necessary meetings
- That all members of staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively and in accordance with the school's whistle blowing procedures
- That child's safety and welfare is addressed through the curriculum

Appendix 2 Categories of Abuse

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out by both men, women and children. All members of staff should read and understand part one of 'Keeping Children Safe in Education' 2016 and staff who have direct contact with pupils should also be read annex A.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

Sudden changes in behaviour and school performance
 Displays of affection which are sexual and age inappropriate
 Self-harm, self-mutilation or attempts at suicide
 Alluding to secrets which they cannot reveal
 Tendency to cling or need constant reassurance
 Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
 Distrust of familiar adults. Anxiety of being left with relatives, a child minder or lodger
 Unexplained gifts or money
 Depression and withdrawal
 Fear of undressing for PE
 Sexually transmitted disease
 Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

Bruises and abrasions around the face
 Damage or injury around the mouth
 Bi-lateral injuries such as two bruised eyes

Bruising to soft area of the face such as the cheeks
 Fingertip bruising to the front or back of torso
 Bite marks
 Burns or scalds (unusual patterns and spread of injuries)
 Deep contact burns such as cigarette burns
 Injuries suggesting beatings (strap marks, welts)
 Covering arms and legs even when hot
 Aggressive behaviour or severe temper outbursts.
 Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations, or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

Over reaction to mistakes
 Lack of self-confidence/esteem
 Sudden speech disorders
 Self-harming
 Extremes of passivity and/or aggression
 Compulsive stealing
 Drug, alcohol, solvent abuse
 Fear of parents being contacted
 Unwillingness or inability to play
 Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs that MAY INDICATE neglect.

Constant hunger
 Poor personal hygiene
 Constant tiredness
 Inadequate clothing
 Frequent lateness or non-attendance at School
 Untreated medical problems
 Poor relationship with peers
 Compulsive stealing and scavenging
 Rocking, hair twisting and thumb sucking
 Running away
 Loss of weight or being constantly underweight
 Low self esteem

Children Missing Education All children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Tunbury Primary School is aware that a child going missing from education is a potential indicator of abuse or neglect.

The school has a procedure in place for responding to unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future. For further information, please access the schools policy and procedures regarding **attendance**.

Child Sexual Exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly 'consensual' relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse or recognise this as abusive.

Every member of staff at the school recognises that children at risk of CSE need to be identified and issues relating to CSE should be approached in the same way as protecting children from other risks.

'Honour based' violence

Members of staff are aware that 'Honour-based' violence (HBV) encompasses a range of crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing.

The indicators of HBV and associated factors will be covered with staff within the school safeguarding training. All members of staff are alert to the possibility of a child being at risk of HBV, or already having suffered HBV. All members of staff are aware that all forms of HBV are abuse (regardless of the motivation) and will be handled and escalated as such. Staff will speak with DSL if they are concerned about HBV.

All members of staff will follow the school and KSCB procedures, using existing national and local protocols for multi-agency liaison with police and children's social care.

Forced Marriage The Forced Marriage Unit has published Multi-agency guidelines, with pages 32-36 focusing on the role of schools and colleges. Staff should report concerns regarding forced marriage to the DSL or can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmu@fco.gov.uk

Further information on Female Genital Mutilation Female Genital Mutilation

(FGM): professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. There is a range of potential indicators that a child or young person may be at risk of FGM, which individually may not indicate risk but if there are two or more indicators present this could signal a risk to the child or young person. Victims of FGM are likely to come from a community that is known to practise FGM. Professionals should note that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity should always be shown when approaching the subject. Warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 16-17 of the Multi-Agency Practice Guidelines referred to above. Staff should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the DSL and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

Preventing Radicalisation under The Counter-Terrorism and Security Act: Identifying cases of pupils at risk of involvement in extremist behaviour

Exposure of children to extremist ideology can hinder their social development and educational attainment alongside posing a very real risk that they could support or partake in an act of violence. Radicalisation of young people can be compared to grooming for sexual exploitation.

Every member of staff at Tunbury Primary recognises that children exposed to radicalisation and extremism is no different to safeguarding against any other vulnerability and should be approached in the same way as protecting children from other risks. All members of the community at Tunbury Primary School will report concerns regarding radicalisation and extremism to the DSL who will follow local and national guidance.

All staff and governors should complete an e-learning training package developed by The National Counter Terrorism Policing Headquarters (NCTPHQ), in conjunction with the College of Policing which includes guidance on how to identify people who may be vulnerable to being drawn into terrorism, and how to refer them into the Channel process. The Designated Safeguarding Leads should also have attended additional training which includes further information on the Prevent Duty. Additional information about responding to online radicalization and extremism can be found in the schools online safety policy.

Appendix 3

Procedure for dealing with disclosures (the 6 R's – what to do if):

1. Receive

- Keep calm
- Listen to what is being said without displaying shock or disbelief
- Take what is said seriously
- Note down what has been said

2. Reassure

- Reassure the pupil that they have done the right thing in talking to you
- Be honest and do not make promises you cannot keep e.g. “It will be alright now”
- **Do not promise confidentiality**; you have a duty to refer
- Reassure and alleviate guilt, if the pupil refers to it e.g. “you’re not to blame”
- Reassure the child that information will only be shared with those who need to know

3. React

- React to the pupil only as far as is necessary for you to establish whether or not you need to refer the matter, but do not interrogate for full details
- **Do not** ask leading questions; “Did he/she....?” Such questions can invalidate evidence.
- **Do** ask open “TED” questions; Tell explain describe
- Do not criticise the perpetrator; the pupil may have affection for him/her
- Do not ask the pupil to repeat it all for another member of staff
- Explain what you have to do next and who you have to talk to

4. Record

- Make some brief notes at the time on any paper which comes to hand and write them up as soon as possible
- Do not destroy your original notes
- Record the date, time, place, any non-verbal behaviour and the words used by the child. Ensure that as far as possible you have recorded the actual words used by the child.
- Record statements and observable things rather than your interpretations or assumptions

5. Remember

- Contact the designated safeguarding lead (DSL)
- The DSL may be required to make appropriate records available to other agencies
- KSCB: www.kscb.org.uk

6. Relax

- Get some support for yourself
