

Online Safety

Advice sessions for parents/carers

When did you teach your child about road safety?
Once they could walk? While they were still in a pushchair?

Did you 'baby-proof' your home once they began crawling?

We do everything we can to keep our children safe in the real world—do we apply the same principles to the online world too?

Do you feel like you cannot keep up with all the games, APPs, websites and devices children are using today?

You are not alone! If you need advice on how to set parental controls, privacy settings or just want to find out if games or APPs are appropriate for your child—then we can help.

Come along to the Computer suite at the following times for advice from our E-Safety Ambassadors. You can explore websites that will give you all the help you need.

Wednesday 15th November 4.00-5.30pm

Thursday 16th November 3.30—5.00pm
